Innovating your logistics for a better world

UBC: Our new Schoeller Allibert range of standard beer crates

Lightweight, contemporary design with inmould label

High Performance crate

Crate conform the high requirements of the brewery, developed to be stacked 7 layers/pallet and 3 pallets high.

Easy to carry

Central handle in the APO crates increases the comfort to carry the 24 bottles (25cl or 33cl)

Ergonomic designed handles

The well-rounded airmould lamella handles allow high carrying comfort

Large branding exposure

Large area to brand and customize the crate with inmould label, wich enables the use of photographic quality images. Silkscreen printing is also possible.

Handling conform Benelux standards

Base is designed in a way it's 100% interstackable with current crates in the Benelux market and suitable to stack in cross bound.

Environmental friendly

Crates are fully recyclable and made out of HDPE virgin or regrind

More than one crate

The design is available in 3 different sizes, to hold the standard bottles 25cl APO, 33cl APO, 30cl BNR and 33cl STEINI.

Lightweight crate in modern design

The corners are protected by a texture to keep your crate nice

Closed or display

The 25cl & 33cl APO crate is available in closed and display version.

High visibility of the bottles

Large opening of the windows

Universal beer crate

5 variants to welcome 25 and 33 Cl bottles in the Benelux standard diameters, to choose between a design either closed with a large inmould label for maximum brand awareness or open sides for maximized visibility of your bottles.
